MICRO-CREDENTIAL BULLETIN

July 1, 2026

41244-10 07/25

TABLE OF CONTENTS

Micro-credential Bulletin 3

Accounting Fundamentals Micro-credential 11

Applied Mathematics for the Computer Sciences Micro-credential 12

Artificial Intelligence (AI) Core Concepts Micro-credential 13

Arts and Humanities Micro-credential 14

AWS Cloud Technologies Micro-credential 15

Business Development Micro-credential 16

Business Fundamentals Micro-credential 17

Business Law Micro-credential 18

Business Start-up Fundamentals Micro-credential 19

Cloud Computing Fundamentals Micro-credential 20

Communication Micro-credential 21

Community Organization and Advocacy Micro-credential 22

Construction Management Micro-credential 23

COVID-19 Contact Tracing Micro-credential 24

Cyber Law Micro-credential 25

Cybersecurity Awareness Micro-credential 26

Cybersecurity Core Concepts Micro-credential 27

Cybersecurity Fundamentals Micro-credential 28

Data Intelligence Micro-credential 29

Decision Management Micro-credential 30

Digital and Social Media Management Micro-credential 31

Digital Health Leader Micro-credential 32

Digital Health Professional Micro-credential 33

Diversity Micro-credential 34

Education Law Micro-credential 35

Employment Law Micro-credential 36

Exploring AI: Core Concepts and Applications Micro-credential 37

Foundations for Business Education Micro-credential 38

Foundations for IT Education Micro-credential 39

Foundations of Quantitative Business Analysis Micro-credential 40

Game Development Micro-credential 41

General Law Micro-credential 42

Get Happy Micro-credential 43

Global Business Micro-credential 44

Global Health Micro-credential 45

Global Marketing Management Micro-credential 46

Grant Proposal Writing in the 21st Century Micro-credential 47

Health and Wellness Micro-credential 48

Health Care Administration Micro-credential 49

Health Data Systems Micro-credential 50

Health Informatics Micro-credential 51

Health Information Management Micro-credential 52

Health Law Micro-credential 53

Health Science Micro-credential 54

Hospitality Sustainability Micro-credential 55

Human Resource Management Micro-credential 56

Industrial Manufacturing Essentials Micro-credential 57

Information Technology Core Concepts Micro-credential 58

Intellectual Property Law Micro-credential 59

Introduction to Data Analytics Micro-credential 60

IT Fundamentals Micro-credential 61

JPMorgan Chase Business Analyst Micro-credential 62

JPMorgan Chase Data Analyst Micro-credential 63

Law Enforcement's Role in Society and Social Change Micro-credential 64

Leadership Micro-credential 65

Leading Law Enforcement Reform Micro-credential 66

Legal Analysis Micro-credential 67

Legal Studies Micro-credential 68

Nestlé Management Fundamentals Micro-credential 69

New Media Writing Micro-credential 70

Nurses in the Medical Device Industry Micro-credential 71

Peer Recovery Support Specialist Micro-credential 72

Personal Cybersecurity Best Practices Micro-credential 73

Psychology Micro-credential 74

Public Safety Leadership Micro-credential 75

Remote Work Micro-credential 76

Securing Your Home Network Micro-credential 77

Securitas Customer Service Micro-credential 78

Securitas Management and Leadership Micro-credential 79

Securitas Security—Awareness and Prevention Micro-credential 80

Securitas Security—Preparedness and Response Micro-credential 81

Social Media Law Micro-credential 82

Social Problems, Prevention, and Crisis Intervention Micro-credential 83

Social Science Micro-credential 84

Sport Management Micro-credential 85
Starting a Small Business Micro-credential 86
Supply Chain Logistics Micro-credential 87
Supply Chain Procurement Management Micro-credential 88
Telehealth Micro-credential 89
Writing for Life: Leveraging AI and Other Tools Micro-credential 90

Micro-credential Bulletin

This Micro-credential Bulletin contains available micro-credential offerings, organized by type below. To view micro-credential offerings organized alphabetically by title or organized by area of study, click on the appropriate tab above. The Micro-credential Bulletin (https://catalog.purdueglobal.edu/bulletin/Micro-credential_Bulletin_PG.pdf) is also available as a PDF.

Micro-credentials taken as stand-alone offerings are ineligible for Title IV federal financial aid unless indicated otherwise.

For more information about the different types of micro-credentials and the policies governing micro-credentials, please see the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) section of the Purdue Global Catalog. If you have questions or wish to pursue a micro-credential, contact an advisor.

Personalization Series Micro-credentials

Personalization series micro-credentials can be completed within a program or as stand-alone offerings.

- Applied Mathematics for the Computer Sciences Micro-credential (p. 12)
- Artificial Intelligence (AI) Core Concepts Micro-credential (p. 13)
- Arts and Humanities Micro-credential (p. 14)
- AWS Cloud Technologies Micro-credential (p. 15)
- Business Development Micro-credential (p. 16)
- Communication Micro-credential (p. 21)
- Community Organization and Advocacy Micro-credential (p. 22)
- Construction Management Micro-credential (p. 23)
- Cybersecurity Core Concepts Micro-credential (p. 27)
- Data Intelligence Micro-credential (p. 29)
- Decision Management Micro-credential (p. 30)
- Digital and Social Media Management Micro-credential (p. 31)
- Digital Health Leader Micro-credential (p. 32)
- Digital Health Professional Micro-credential (p. 33)
- Diversity Micro-credential (p. 34)
- Game Development Micro-credential (p. 41)
- Global Business Micro-credential (p. 44)
- Global Health Micro-credential (p. 45)
- Global Marketing Management Micro-credential (p. 46)
- Health and Wellness Micro-credential (p. 48)
- Health Care Administration Micro-credential (p. 49)
- Health Data Systems Micro-credential (p. 50)
- Health Informatics Micro-credential (p. 51)
- Health Information Management Micro-credential (p. 52)
- Health Science Micro-credential (p. 54)
- Hospitality Sustainability Micro-credential (p. 55)
- Human Resource Management Micro-credential (p. 56)
- Industrial Manufacturing Essentials Micro-credential (p. 57)
- Information Technology Core Concepts Micro-credential (p. 58)
- Introduction to Data Analytics Micro-credential (p. 60)
- Law Enforcement's Role in Society and Social Change Micro-credential (p. 64)
- Leadership Micro-credential (p. 65)
- Leading Law Enforcement Reform Micro-credential (p. 66)
- Legal Studies Micro-credential (p. 68)
- New Media Writing Micro-credential (p. 70)
- Peer Recovery Support Specialist Micro-credential (p. 72)
- Psychology Micro-credential (p. 74)
- Public Safety Leadership Micro-credential (p. 75)
- Social Problems, Prevention, and Crisis Intervention Micro-credential (p. 83)

- Social Science Micro-credential (p. 84)
- Sport Management Micro-credential (p. 85)
- Supply Chain Logistics Micro-credential (p. 87)
- Supply Chain Procurement Management Micro-credential (p. 88)
- Telehealth Micro-credential (p. 89)

Foundation Series Micro-credentials

Foundation series micro-credentials can be completed within a program or as stand-alone offerings unless otherwise indicated.

- Accounting Fundamentals Micro-credential (p. 11)
- Business Fundamentals Micro-credential (p. 17)
- Business Start-up Fundamentals Micro-credential (p. 19)
- Cloud Computing Fundamentals Micro-credential (p. 20)
- Cybersecurity Fundamentals Micro-credential (p. 28)
- Foundations for Business Education Micro-credential (p. 38)
- Foundations for IT Education Micro-credential (p. 39)
- IT Fundamentals Micro-credential (p. 61)
- Legal Analysis Micro-credential (p. 67)

Partnership Series Micro-credentials

Partnership series micro-credentials are available exclusively through specific academic or professional partnerships and may require additional approvals prior to enrollment. If you enroll in a partnership series micro-credential, you will have all course-level prerequisites waived.

Purdue Global Law School Micro-credentials for Purdue University West Lafayette Graduate Students

- Business Law Micro-credential (p. 18)
- Cyber Law Micro-credential (p. 25)
- Education Law Micro-credential (p. 35)
- Employment Law Micro-credential (p. 36)
- General Law Micro-credential (p. 42)
- Health Law Micro-credential (p. 53)
- Intellectual Property Law Micro-credential (p. 59)

Professional Micro-credentials

- JPMorgan Chase Business Analyst Micro-credential (p. 62)
- JPMorgan Chase Data Analyst Micro-credential (p. 63)
- Nestlé Management Fundamentals Micro-credential (p. 69)
- Securitas Customer Service Micro-credential (p. 78)
- Securitas Management and Leadership Micro-credential (p. 79)
- Securitas Security—Awareness and Prevention Micro-credential (p. 80)
- Securitas Security—Preparedness and Response Micro-credential (p. 81)

Short-Course Series Micro-credentials

Short-course series are available for select not-for-credit course offerings.

- COVID-19 Contact Tracing Micro-credential (p. 24)
- Cybersecurity Awareness Micro-credential (p. 26)
- Exploring AI: Core Concepts and Applications Micro-credential (p. 37)
- Foundations of Quantitative Business Analysis Micro-credential (p. 40)
- Get Happy Micro-credential (p. 43)
- Grant Proposal Writing in the 21st Century Micro-credential (p. 47)
- Nurses in the Medical Device Industry Micro-credential (p. 71)
- Personal Cybersecurity Best Practices Micro-credential (p. 73)
- Remote Work Micro-credential (p. 76)
- Securing Your Home Network Micro-credential (p. 77)

- Starting a Small Business Micro-credential (p. 86)
- Social Media Law Micro-credential (p. 82)
- Writing for Life: Leveraging AI and Other Tools Micro-credential (p. 90)

A-Z Index

A

- Accounting Fundamentals Micro-credential (p. 11)
- Applied Mathematics for the Computer Sciences Micro-credential (p. 12)
- Artificial Intelligence (AI) Core Concepts Micro-credential (p. 13)
- Arts and Humanities Micro-credential (p. 14)

Accounting Fundamentals Micro-credential

The accounting fundamentals micro-credential is for individuals who want to gain a foundational working knowledge of the accounting process and methodologies, including tax ramifications. You will develop an understanding of accounting principles such as recording transactions, presentation of financial information, and use of accounting information.

This micro-credential is part of the foundation series. For more information about foundation series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Requirements

The icon appears in the title of traditional courses that are also available as a set of module courses. Module course availability may be limited to certain academic calendars. See Course Types (https://catalog.purdueglobal.edu/policy-information/university-information/approach-to-learning/) *for information about module courses.*

Code	Title	Credits

MM255	Business Math and Statistical Measures	5
100/200 Level	Mathematics Elective	5
TOTAL CREDITS		**30**

Certification, State Board, and National Board Exams

Certification and licensure boards have state-specific educational requirements for offerings that lead to a license or certification that is a precondition for employment. Prospective and current students must review Purdue Global's State Licensure and Certifications (https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/) site to view program and state-specific licensure information.

You are responsible for understanding the requirements of optional certification exams. Such requirements may change during the course of your studies. You are not automatically certified in any way upon completion of an offering. Although certain offerings are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

Applied Mathematics for the Computer Sciences Micro-credential

Applied mathematics includes areas of mathematics focused on real-world applications and is often associated with various aspects of data analysis and information technology. This micro-credential will demonstrate your successful completion of foundation level mathematics coursework in disciplines of trigonometry, algebra, and discrete mathematics.

This micro-credential is part of the personalization series. For more information about personalization series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Artificial Intelligence (AI) Core Concepts Micro-credential

The artificial intelligence (AI) core concepts micro-credential is designed to provide you with practical skills to use AI-driven tools across various industries. Blending an understanding of AI principles with hands-on experience will allow you to learn, build, and apply your knowledge. You will learn about AI concepts, understand human interaction with AI tools, and employ tools for professional use. There is a strong focus on ethical AI use to prepare you to use and lead AI initiatives in your professional industry.

This micro-credential is part of the personalization series. For more information about personalization series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Arts and Humanities Micro-credential

As a student with a foundation in the arts and humanities, you can become an employee who possesses flexibility in critical thinking, ethical reasoning, problem solving, and openness to experience. You will assess various points of view and evaluate arguments. Students see the dignity of the individuals around them, find the meaning behind human pursuits, and discover unique paths to meet an objective. A study of the creative elements from the arts and humanities can allow you to stand out in an economy where more work is mechanized. Learning the concepts within the arts and humanities subjects allows you to be a well-rounded individual with skills in media literacy, finding compromise, listening to other perspectives, and looking ahead to trends and possibilities for the future.

This micro-credential is part of the personalization series. Certification, State Board, and National Board Exams

Certification and licensure boards have state-specific educational requirements for offerings that lead to a license or certification that is a precondition for employment. Prospective and current students must review Purdue Global's State Licensure and Certifications (https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/) site to view program and state-specific licensure information.

You are responsible for understanding the requirements of optional certification exams. Such requirements may change during the course of your studies. You are not automatically certified in any way upon completion of an offering. Although certain offerings are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

Data Intelligence Micro-credential

The data intelligence micro-credential is designed to provide you with exposure to the analytical methods and tools used by organizations as they leverage the value of data. By completing this micro-credential, you will have an understanding of the different uses of collected data, will be able to accurately employ statistics in data analysis and reporting, and apply the appropriate visualizing techniques for specific reporting needs.

This micro-credential is part of the personalization series. For more information about personalization series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Digital Health Leader Micro-credential

The mission of the graduate digital health leader micro-credential is to prepare you with the knowledge and skills necessary to interact with and effectively use digital tools and emerging technologies important in a rapidly evolving digital health care landscape. Competencies related to governance and management will facilitate professional preparation and empowerment for you to assume leadership roles to effectively implement and use digital platforms to improve health outcomes.

Completion of the digital health leader micro-credential will help enable you to utilize digital tools and platforms; compare and contrast various project management frameworks; evaluate governance principles in sustaining, high-performing digital health ecosystems; implement safeguards to prevent cybersecurity threats; assess stakeholder needs both internally and externally; demonstrate leadership qualities to support stakeholders in adopting and using digital health tools; and evaluate and implement process improvement methodologies.

Students enrolling in the stand-alone option of this micro-credential are required to submit proof of a prior bachelor's degree. For more information, please refer to Additional Requirements for Graduate Programs (https://catalog.purdueglobal.edu/policy-information/admissions/).

This micro-credential is part of the personalization series. For more information about personalization series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Get Happy Micro-credential

In a three-unit online format, we will examine a variety of research-based approaches to enhance happiness as well as misconceptions associated with happiness. Through this examination, you will determine your level of happiness and identify your individual goals for happiness. In this micro-credential, you will implement an action plan to develop habits of happiness in your own life. You will express and practice gratitude as well as habits of healthy eating, sleep, and exercise. This micro-credential will encourage you to apply mindfulness and meditation techniques in your daily life and community. By the end of the micro-credential, you will engage in expressions of kindness and compassion as well as reflect on your own personal journal of happiness and how this has changed during the course. Registration information for this micro-credential can be found on this site (https://cl.purdueglobal.edu/).

This micro-credential is part of the short-course series. For more information about short-course series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Certification, State Board, and National Board Exams

Certification and licensure boards have state-specific educational requirements for offerings that lead to a license or certification that is a precondition for employment. Prospective and current students must review Purdue Global's State Licensure and Certifications (https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/) site to view program and state-specific licensure information.

You are responsible for understanding the requirements of optional certification exams. Such requirements may change during the course of your studies. You are not automatically certified in any way upon completion of an offering. Although certain offerings are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

Global Health Micro-credential

The graduate micro-credential in global health will prepare you with foundational knowledge and skills to impact positive change both internationally and domestically. Understanding the social, political, economic, and cultural influences on global health will help prepare you to identify, evaluate, and address global health challenges. You will learn key elements necessary for global health management.

Students enrolling in the stand-alone option of this micro-credential are required to submit proof of a prior bachelor's degree. For more information, please refer to Additional Requirements for Graduate Programs (https://catalog.purdueglobal.edu/policy-information/admissions/).

When taken as a stand-alone offering, this micro-credential is eligible for Title IV federal financial aid.

This micro-credential is part of the personalization series. For more information about personalization series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Certification, State Board, and National Board Exams

Certification and licensure boards have state-specific educational requirements for offerings that lead to a license or certification that is a precondition for employment. Prospective and current students must review Purdue Global's State Licensure and Certifications (https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/) site to view program and state-specific licensure information.

You are responsible for understanding the requirements of optional certification exams. Such requirements may change during the course of your studies. You are not automatically certified in any way upon completion of an offering. Although certain offerings are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

JPMorgan Chase Business Analyst Micro-credential

This micro-credential is part of the partnership series. For more information about partnership series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Law Enforcement's Role in Society and Social Change Micro-credential

The micro-credential in law enforcement's role in society and social change provides an overarching view of the criminal justice system and how to deal with criminal and policing issues as a society. The micro-credential will heighten your understanding of the criminal justice system, the underlying theory behind crime in society, and the constitutional rights of individuals, and it will provide an ethical approach to administering criminal justice, including reforms that address how law enforcement can continually be adjusted to meet the needs of a changing society.

This micro-credential is part of the personalization series. For more information about personalization series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Social Media Law Micro-credential

In this micro-credential, you will learn the fundamentals of navigating the legal aspects of social media. Our personal and business lives are intertwined with social media. And, unfortunately, there are many ways to run afoul of the legal aspects of social media. This micro-credential will help you navigate social media law so you can take advantage of social media in your business and personal life. Major topics will include intellectual property, freedom of speech vs. harmful speech, ethics, and policy. Registration information for this micro-credential can be found on this site (https://cl.purdueglobal.edu/).

This micro-credential is part of the short-course series. For more information about short-course series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

Social Problems, Prevention, and Crisis Intervention Micro-credential

This micro-credential is designed to provide knowledge of how principles of human services inform behavior, thoughts, and emotions in a variety of settings. The micro-credential will allow you to identify social problems, explore community resources to address social problems, and recognize the effects these problems have on individuals and society. Additionally, you will identify risk factors that contribute to crises and distinguish between intervention and prevention strategies, and techniques to effect social change by applying knowledge to create possible solutions in contemporary real-life scenarios.

This micro-credential is part of the personalization series. For more information about personalization series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Supply Chain Logistics Micro-credential

The supply chain logistics micro-credential focuses on the logistics and distribution aspects of supply chain management, providing you with both the technical skills for solving business problems and the conceptual foundation for elevating your career. By completing this micro-credential, you will learn about designing systems that deliver the right amount of products to the right place at the right time. You will learn about data analysis in the supply chain environment, be hands on with information system tools, and work on applying what you learned to an organization.

This micro-credential is part of the personalization series. For more information about personalization series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Telehealth Micro-credential

The health care industry is ever-evolving, and telehealth is a critical component of its transformation with ongoing advancements in technology and regulation changes. The telehealth micro-credential is designed to equip health care professionals with the specialized knowledge to align telehealth applications to legal and ethical requirements, including those regarding privacy and security, quality of care, and reimbursement. You will learn to analyze the application, modalities, and strategies to support the implementation of telehealth in health care organizations.

Students enrolling in the stand-alone option of this micro-credential are required to submit proof of a prior bachelor's degree. For more information, please refer to Additional Requirements for Graduate Programs (https://catalog.purdueglobal.edu/policy-information/admissions/).

When taken as a stand-alone offering, this micro-credential is eligible for Title IV federal financial aid.

This micro-credential is part of the personalization series. For more information about personalization series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).

Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

Writing for Life: Leveraging AI and Other Tools Micro-credential

This micro-credential will show that writing holds the power to benefit or hinder you professionally, personally, or in social media settings. Areas of focus include the role of writing in all areas of life, especially the relationship between the message, the writer, and the reader; the importance of punctuation fundamentals; and the impact words have on a local and global scale. This micro-credential will explain how effective writing can help throughout the job search process as well as how to brand oneself appropriately on social media. Digital tools, including artificial intelligence (AI), will be examined to show the benefits when used responsibly and with awareness of potential pitfalls. Registration information for this micro-credential can be found on this site (https://cl.purdueglobal.edu/).

This micro-credential is part of the short-course series. For more information about short-course series micro-credentials, see the Micro-credential Series section of the Additional Offerings (https://catalog.purdueglobal.edu/additional-offerings/) page and the Micro-credential Bulletin (p. 3).
