

CLOUD COMPUTING FUNDAMENTALS MICRO- CREDENTIAL

The cloud computing fundamentals micro-credential provides you with the fundamental skills necessary to prepare for entry into the field of cloud computing. The credential includes essential networking, security, and cloud fundamentals and can help prepare you for Network+, Security+, and Cloud+ certifications that are critical in the IT/cloud industry.

This micro-credential is part of the foundation series. For more information about foundation series micro-credentials, see the Micro-credential Series section of the Additional Offerings (<https://catalog.purdueglobal.edu/additional-offerings/>) page and the Micro-credential Bulletin (<https://catalog.purdueglobal.edu/bulletin/>).

Requirements

The  icon appears in the title of traditional courses that are also available as a set of module courses. Module course availability may be limited to certain academic calendars. See Course Types (<https://catalog.purdueglobal.edu/policy-information/university-information/approach-to-learning/>) for information about module courses.

IT222	 Introduction to Cloud Computing	5
IT227	 Cloud Infrastructure Administration	5
IT273	 Networking Concepts	5
IT286	 Network Security Concepts	5
TOTAL CREDITS		25

Certification, State Board, and National Board Exams

Certain state certification and licensure boards have specific educational requirements for offerings to lead to a license or certification that is a precondition for employment in a recognized occupation. Prospective and current students must review Purdue Global's State Licensure and Certifications (<https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/>) site to view program and state-specific licensure information.

Unless otherwise specified, Purdue Global's offerings are not designed to meet any specific state's licensure or certification requirements.

You are responsible for understanding the requirements of optional certification exams. Such requirements may change during the course of your studies. You are not automatically certified in any way upon completion of an offering. Although certain offerings are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.
