

SCHOOL OF BUSINESS AND INFORMATION TECHNOLOGY

Mission Statement

We develop the competencies of career-focused students to empower them as ethical, insightful, and solution-oriented decision-makers, leaders, and lifelong learners in increasingly complex and diverse global environments. Faculty is supported as practitioners and scholars, committed to innovation in teaching and intellectual contribution.

General Policies

Admissions Requirements

In addition to the general Purdue Global admissions requirements, the School of Business and Information Technology requires a current, professional resume that details employment history including responsibilities and dates of employment.

Progression Requirements

1. You must successfully complete at least 75 percent of the graduate credit hours required for a degree with a grade of "A" or "B."
2. You can enroll in no more than one course per term for your first three terms. After completing the third term, you may enroll in two courses per term if your cumulative GPA is 3.5 or higher. Exceptions to this policy require the approval of the Dean of the School of Business and Information Technology or a designee.
3. Prior learning credits and Purdue Global courses completed more than 5 years prior to the start of your information technology program are not eligible to satisfy information technology course requirements. You may be required to retake courses in order to ensure your knowledge is consistent with the current skills taught in these courses. You may request exceptions, based on relevant coursework and professional experience, from the Dean or a designee.

Programs

Master of Business Administration

The objective of the Master of Business Administration program is to help you pursue leadership positions in competitive business environments. The curriculum is designed to address this through a portfolio of practical, resume-building projects that satisfy your intellectual curiosity and help build the knowledge, skills, and abilities to make sound business and management decisions.
