

ENTRANCE EXAMINATIONS AND FOUNDATIONAL COURSEWORK

As a condition of your enrollment in an undergraduate program, you may be required to take an entrance assessment.

If you do not achieve a minimum score, you may not be permitted to continue with the enrollment process, or you may be required, as an additional component of your conditional admittance, to complete foundational coursework and earn a grade of satisfactory ("S").

You may retake foundational coursework once. However, if on the second attempt, you do not earn a grade of "S", you will not be permitted to reapply for admission to the University until a 1-year period has elapsed.
