FINANCIAL AID SERVICES

Prior to enrolling at Purdue Global, you are encouraged to explore all options available for financing your education including employer or military tuition assistance or reimbursement, veterans benefits, and financial aid funding through state and federal agencies. Financial aid information and application assistance is provided by the Financial Aid Office to help you understand your options.

If you receive loans to pay for your course of instruction, it is your responsibility to repay the full amount of the loan, plus interest, less the amount of any funds returned to the source. Defaulting on loans guaranteed or reinsured by the state or federal government could result in damage to credit ratings, loss of eligibility for future student loans and other forms of financial aid, loss of deferment and monthly payment options, withholding of state and federal income tax refunds, initiation of court action, and garnishment of wages.

Financial aid cannot be awarded until all documents required for admission are on file and approved. Additional information on eligibility requirements, alternate financing, amounts available, interest rates, scholarships, and repayment schedules is available from the Financial Aid Office.

You may be eligible for third-party funding sources from outside agencies and are encouraged to seek out such funding and familiarize yourself with the policies of such agencies. Although the University will assist you in completing the necessary forms and will provide any required information to the agency, it is ultimately your responsibility to ensure the agency’s requirements are met.

Some alternative loans are only available to pay any direct tuition charges that are not covered by federal, state, or institutional funding. You are encouraged to take advantage of federal Title IV funding before applying to alternative loan programs. You and, when applicable, your parents have the right and ability to choose any lender you wish, and the University does not require that any loans be obtained from any particular lender or source.
