

General Tuition Assistance Refund Schedule

Tuition refunds are based on a student's last date of attendance (LDA). Regardless of term length, a student who withdraws during calendar days 1 through 7 receives a 100% refund. For a student who withdraws during calendar day 8 through the end of the term, the tuition refund is based on the attendance percentage. To determine attendance, divide LDA by the total days in the term.

The charts below are based on the number of days in a standard term. The tuition refund percentage is based on the actual days attended within the term in question, not the number of days in a standard term. After day 7, the tuition refund percentage is based off the attendance percentage.
