Purdue Global is accredited by the Higher Learning Commission ([hlcommission.org/](https://www.hlcommission.org/) (<https://www.hlcommission.org/>)), an institutional accreditation agency recognized by the U.S. Department of Education.

Professional Licensure

Important Note to Prospective Students: Certain state certification and licensure boards have specific educational requirements for programs to lead to a license or certification that is a precondition for employment in a recognized occupation. Prospective and current students must review Purdue Global's State Licensure and Certifications (<https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/>) site to view program and state-specific licensure information. This site will be updated twice a year. However, because state regulations and authorizations can change, students are highly encouraged to confirm their program's licensure requirements with the appropriate licensing agency in their state of residence.

Each program page in this catalog outlines whether the program is designed to meet educational requirements for a specific state-regulated occupation. Unless otherwise specified, the program was not designed to meet any specific state's licensure or certification requirements.

Please note that licensure for certain state-regulated occupations may rely on national certification or licensure exams. Passing a national exam is not a guarantee of a graduate's ability to obtain a state license.

Although certain programs are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

Students pursuing a professional licensure-track program who move to another state must update their address within the PG Campus Student Portal and contact a University representative within the first 30 days of moving to discuss their licensure eligibility. See Address and Residency Verification (<https://catalog.purdueglobal.edu/policy-information/admissions/>) for more information. Students enrolled in a program which leads to licensure must review the State Licensure and Certifications (<https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/>) site to confirm their new location meets the licensure requirements for their program.

Certified Financial Planner Board of Standards, Inc. owns the certification marks CFP®, CERTIFIED FINANCIAL PLANNER™, and federally registered CFP (with flame design) in the U.S., which it awards to individuals who successfully complete CFP Board's initial and ongoing certification requirements.

The Society for Human Resource Management

The Society for Human Resource Management (SHRM) has acknowledged that the following programs fully align with SHRM's *HR Curriculum Guidebook and Templates*:

- Master of Science in Management and Leadership with a concentration in human resources
- Master of Business Administration with a concentration in human resources
- Bachelor of Science in Business Administration with a concentration in human resources

The *HR Curriculum Guidebook and Templates* were developed by SHRM to define the minimum HR content areas that should be studied by HR students at the undergraduate and graduate levels. The guidelines—created in 2006 and revalidated in 2010, 2013, and 2017—are part of SHRM's academic initiative to define HR education standards taught in university business schools and help universities develop degree programs that follow these standards. Purdue University Global has been granted alignment through 2025.
