

BACHELOR OF SCIENCE IN PROFESSIONAL FLIGHT

The  icon appears in the title of traditional courses that are also available as a set of module courses.

Description and Outcomes

The Bachelor of Science in Professional Flight provides a broad perspective of the aviation industry, from making decisions in the airline industry to understanding your aircraft. If you do not already possess a commercial pilot certificate with airplane single-engine and multiengine ratings and a flight instructor certificate, you will complete the necessary flight hours with a Purdue Global-approved flight school and simultaneously take courses to complete a bachelor's degree.

Graduate Program Pathways

If you are interested in earning both a bachelor's and master's degree, consider a graduate program pathway (<https://catalog.purdueglobal.edu/undergraduate/graduate-program-pathways/>).

Program Length

The Bachelor of Science in Professional Flight program consists of a minimum of 180 quarter credit hours including the requisite flight training and certifications. Upon successful completion of the program, you will be awarded a Bachelor of Science degree.

Program Outcomes

Discipline-Specific Outcomes

1. **Disciplinary Knowledge and Skills:** Discuss the major areas of professional flight including, but not limited to, the evolution of aircraft, commercial air transportation, airspace management, and regulatory oversight bodies.
2. **Publication and Analysis:** Synthesize current publications in aviation operations including, but not limited to, finance decisions, aircraft maintenance, and meteorology.
3. **Critical Thinking and Problem Solving:** Analyze principles, concepts, safety, and/or issues in aviation to work effectively in the field.
4. **Leadership and Teamwork:** Apply leadership and teamwork practices as they relate to the aviation industry nationally as well as internationally.
5. **Professionalism and Ethics:** Examine aviation as a profession including careers, certifications, professional ethical behavior, and communication.

General Education Literacies and Professional Competencies

In addition to the discipline-specific outcomes, general education literacies and professional competencies are integrated throughout your academic program. You can review the general education literacies and professional competencies associated with your academic program in the General Education and Professional Competency Requirements (<https://catalog.purdueglobal.edu/undergraduate/general-education-professional-competency-requirements/>) section of this Catalog.

Program Availability

For program availability, please refer to the U.S. State and Other Approvals (<https://catalog.purdueglobal.edu/policy-information/university-information/accreditation-approvals-memberships/>) section

and Program Availability Information (<https://www.purdueglobal.edu/catalog-program-availability-info.pdf>).

Policies

Please refer to school-specific policies (<https://catalog.purdueglobal.edu/undergraduate/aviation/>) and the Policy Information (<https://catalog.purdueglobal.edu/policy-information/>) section for general Purdue Global policies.

Admissions Requirements

You must meet the below admissions requirements in addition to Purdue Global's general requirements (<https://catalog.purdueglobal.edu/policy-information/admissions/>).

The Dean of the School of Aviation or a designee will determine if you may enroll. To apply, you must:

1. Provide proof for evaluation and approval by the Dean or designee of either:
 - a. A minimum of a commercial pilot certificate with airplane single-engine and multiengine ratings and a flight instructor certificate, or
 - b. Completion of the Federal Aviation Administration (FAA) requirement for a Private Pilot Flight Certificate and acceptance and simultaneous enrollment at a Purdue Global-approved flight school.
2. Meet all Federal Transportation Security Administration and FAA requirements for flight training and provide evidence of such to the Dean or designee.
3. Secure a first-class medical certificate and provide evidence of such to the Dean or designee. Medical certificates may be obtained from an FAA-authorized aviation medical examiner (AME). A list of AMEs can be found on the FAA website (<https://www.faa.gov/pilots/amelocator/>).

Progression Requirements

You must meet the following progression requirement in addition to Purdue Global's general requirements.

If you do not possess a minimum of a commercial pilot certificate with airplane single-engine and multiengine ratings and a flight instructor certificate, you must complete all flight training requirements at a Purdue Global-approved flight school.

If you must complete flight training requirements with a Purdue Global-approved flight school to complete your program requirements:

1. You are expected to perform in an ethical, safe, and professional manner and to assist in all matters appropriate to the scope of practice. Failure to do so may result in course failure and dismissal from the program.
2. You are responsible for paying for your own transportation, housing, and availability to attend the flight instruction program.

Graduation Requirements

In addition to Purdue Global's general graduation requirements (<https://catalog.purdueglobal.edu/policy-information/academic-standards/graduation-requirements/>), in order to graduate from this program, you must complete the required flight instruction, earn a commercial pilot certificate with airplane single-engine and multiengine ratings and a flight instructor certificate, and provide evidence of such. If you reach the end

of the required coursework for the program and have not provided this evidence, you will be dismissed from the program and will not graduate.

Certification, State Board, and National Board Exams

Certification and licensure boards have state-specific educational requirements for programs that lead to a license or certification that is a precondition for employment. Prospective and current students must review Purdue Global's State Licensure and Certifications (<https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/>) site to view program and state-specific licensure information.

Licensure-track programs may limit enrollment to students in certain states; please see Purdue Global's Program Availability Information (<https://www.purdueglobal.edu/catalog-program-availability-info.pdf>) to determine enrollment eligibility.

You are responsible for understanding the requirements of optional certification exams. Such requirements may change during the course of your program. You are not automatically certified in any way upon program completion. Although certain programs are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

Degree Plan

The  icon appears in the title of traditional courses that are also available as a set of module courses. Module course availability may be limited to certain academic calendars. See Course

Types (<https://catalog.purdueglobal.edu/policy-information/university-information/approach-to-learning/>) for information about module courses.

Program Requirements

Code	Title	Credits
Core Requirements		
CM107	 College Composition I	5
CM220	 College Composition II	5
CS212	 Communicating Professionalism	5
100/200 Level	Mathematics Requirement ¹	5
100/200 Level	Arts and Humanities Requirement ¹	5
100/200 Level	Science Requirement ¹	5
100/200 Level	Social Science Requirement ¹	5
100/200 Level	General Education Electives	10
Total Core Requirements		45
Major Requirements		
AV102	Aviation Business	5
AV203	Aviation Operations Management	5
AV210	Ground Trainer	1.5
AV243	Commercial Pilot Flight I	3
AV248	Commercial Pilot Flight II	3
AV249	Instrument Flight Lectures	5
AV253	Instrument Flight Training	4.5
AV254	Commercial Flight Lectures	5

AV298	Aviation Technology Practicum	5
AV325	Advanced Aviation Meteorology	5
AV327	Advanced Transport Flight Operations	5
AV338	Business Aviation Management	5
AV340	Aerospace Business Statistics	5
AV346	Transport Category Aircraft Systems I	5
AV351	Flight Instructor Flight	2.5
AV352	Flight Instructor Lectures	5
AV353	Multiengine Flight	2.5
AV354	Advanced Flight Path Management	5
AV388	Transport Category Aircraft Systems II	5
AV412	Aviation Finance	5
AV421	Managerial Economics in Aviation	5
AV438	Airline Operations	5
AV454	Human Factors in Aviation	5
AV475	Aviation Law	5
AV481	Safety Management Systems	5
AV498	Aviation Technology Capstone	5
Total Major Requirements		117
Open Elective Requirements		
Open Elective		18
Total Open Elective Requirements		18
TOTAL CREDITS		180

¹ For options to fulfill this requirement, see the corresponding literacy in General Education and Professional Competency Requirements (<https://catalog.purdueglobal.edu/undergraduate/general-education-professional-competency-requirements/>).
