

# BACHELOR OF SCIENCE IN FINANCE

The  icon appears in the title of traditional courses that are also available as a set of module courses.

## Description and Outcomes

The Bachelor of Science in Finance program focuses on helping students gain technical knowledge and skills in a range of financial areas.

You should develop an understanding of the factors that influence financial decision making and are provided with opportunities to develop and implement your critical thinking skills to solve in-depth financial problems.

The general program is designed to aid you in the development of specific skills in the areas of financial planning, corporate finance, banking, real estate, financial markets, and investment management. You have the option to select from one of the five concentrations. Completion of this program may be especially beneficial if you wish to pursue opportunities in corporate finance or a variety of financial service sector occupations.

### Concentrations

This program includes four concentrations: FinTech, general finance, real estate, and wealth management and financial planning. You are required to select a concentration.

### Graduate Program Pathways

If you are interested in earning both a bachelor's and master's degree, consider a graduate program pathway (<https://catalog.purdueglobal.edu/undergraduate/graduate-program-pathways/>).

### Program Length

The Bachelor of Science in Finance program consists of a minimum of 180 quarter credit hours. Upon successful completion of the program, you will be awarded a bachelor of science degree.

## Program Outcomes

### Discipline-Specific Outcomes

1. Perform financial analysis using quantitative concepts and techniques.
2. Interpret financial statements and ratios.
3. Examine investment and financial risk.
4. Analyze financial theory and practices.
5. Apply legislation, regulations, and principles of practice to financial scenarios.
6. Communicate professionally through writing and presentations with stakeholders.

### General Education Literacies and Professional Competencies

In addition to the discipline-specific outcomes, general education literacies and professional competencies are integrated throughout your academic program. You can review the general education literacies and professional competencies associated with your academic program in the General Education and Professional Competency Requirements (<https://catalog.purdueglobal.edu/undergraduate/general-education-professional-competency-requirements/>) section of this Catalog.

## Program Availability

For program availability, please refer to the U.S. State and Other Approvals (<https://catalog.purdueglobal.edu/policy-information/university-information/accreditation-approvals-memberships/>) section and Program Availability Information (<https://www.purdueglobal.edu/catalog-program-availability-info.pdf>).

## Policies

### Certification, State Board, and National Board Exams

Certification and licensure boards have state-specific educational requirements for programs that lead to a license or certification that is a precondition for employment. Prospective and current students must review Purdue Global's State Licensure and Certifications (<https://www.purdueglobal.edu/about/accreditation/licensure-state-authorizations/>) site to view program and state-specific licensure information.

Licensure-track programs may limit enrollment to students in certain states; please see Purdue Global's Program Availability Information (<https://www.purdueglobal.edu/catalog-program-availability-info.pdf>) to determine enrollment eligibility.

You are responsible for understanding the requirements of optional certification exams. Such requirements may change during the course of your program. You are not automatically certified in any way upon program completion. Although certain programs are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, and meeting other certification requirements.

## Degree Plan

The  icon appears in the title of traditional courses that are also available as a set of module courses. Module course availability may be limited to certain academic calendars. See Course

Types (<https://catalog.purdueglobal.edu/policy-information/university-information/approach-to-learning/>) for information about module courses.

## Program Requirements
