In order to qualify for an accelerated master's degree option, you must meet the following criteria:

- Possess and maintain a minimum cumulative GPA of 3.0
- Obtain a grade of "B" or above in each of the master's-level courses
- Have open electives available in your degree plan for which up to four graduate courses may be taken
- Have completed between 30 and 100 quarter credit hours in your bachelor's degree program including any credits received for prior learning
- Submit an essay providing detailed career goals and associated reasons for enrolling in the appropriate master's degree program

Please refer to the individual sections below for additional requirements.

Upon successful completion of the bachelor's degree program, you may apply for entry to the relevant Purdue Global master's degree program. If accepted, you will transfer in the graduate courses completed as part of your undergraduate program and matriculate into a shortened version of the master's degree program.

You should consult with your Student Advisor to ensure that you are eligible for an accelerated master's degree option and discuss any financial aid implications with the Student Finance Office.

You may be required to take additional courses to fulfill the requisite 180 credits necessary to complete a Purdue Global bachelor's degree.

Certification, State Board, and National Board Exams
Certain state certification and licensure boards have specific educational requirements for programs to lead to a license or nongovernmental certification that is a precondition for employment in a recognized occupation.

Unless otherwise specified, Purdue Global's programs are not designed to meet any specific state's licensure or certification requirements. If certain licensed occupations, vocations, or professions are not explicitly listed, Purdue Global has not reviewed the licensure or certification requirements of those occupations, vocations, or professions, nor intended the program to meet such requirements. Licensure-track programs may limit enrollment to students in certain states; please see Purdue Global's Program Availability Information (https://www.purdueglobal.edu/catalog-program-availability-info.pdf) to determine enrollment eligibility.

You are responsible for understanding the requirements of optional certification exams. Such requirements may change during the course of your program. You are not automatically certified in any way upon program completion. Although certain programs are designed to prepare you to take various optional certification exams, Purdue Global cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, meeting other certification requirements, or the program or the University itself having appropriate accreditation or licensure.
